August 1-3, 2010

**Join 400 reproductive health practitioners for the
National Family Planning Clinical Conference!**

**Contact: Aimee Patton at 866-91-CTCFP or apatton@devsys.org.
Visit our website: www.ctcfp.org for more information.**

Conference:

This conference is designed to provide health care professionals with relevant, evidence-based clinical information related to family planning & preventive health. Educational objectives will be met through didactic presentations with options for “hands on” skills practicum sessions.

**Exhibit
Features & Benefits:**

This is an opportunity to demonstrate the benefits of your product to practicing reproductive health professionals. Apply early to take advantage of face-to-face meetings with your target audience! Space is limited & not guaranteed.

Target Audience:

Advanced practice nurses, certified nurse midwives, physicians, physician assistants, and other professionals in reproductive health care settings.

**Conference
Promotion:**

Both electronic & hard copy brochures were distributed to all 50 states & US territories via the Department of Health & Human Services Regional Training Offices & the Clinical Training Center for Family Planning.
